No. F.132(2)-40/W.

FROM

THE SECRETARY

TO THE HON'BLE THE RESIDENT IN MYSORE.

To

The Chief Secretary to the Government of
His Highness the Maharaja of Mysore,
Bangalore.

Dated Bangalore, the 24th February 1942.

Bevin Training Scheme.

Sells for 15' per acre

I am directed to refer to my letter No. 132-

40/W, dated the 15th November 1941, and to forward a copy of a letter from the Government of India, Labour Department, to the Chairmen of all National Service Labour Tribunals, No. TRAl100(1), dated the 12th February 1942. I am to request that, if there are any candidates in the Mysore State, in addition to Mr. K. K. Manganatha Rao, (vide my letter No. F.132(2)-40/W, dated the 16th February 1942), a list of such candidates in the usual form may kindly be sent to the Chairman, National Service Labour Tribunal, Madras, direct by the

10th March 1942, a copy being sent to this Residency
for information at the same time.

I have the honour to be,
Sir,
Your most obedient servant,

M. A. Khan

for SECRETARY TO THE RESIDENT.

He

Copy of a letter from the Government of India, Department of Labour, to the Chairmen of all National Service Labour Tribunals, No. TR1100(1), dated the 12th February 1942.

Devlin Training Scheme - Selection of fifth batch.

I am directed to say that the 5th batch of trainees under the Devlin Training Scheme is likely to proceed to the United Kingdom in the third week of April and to request that arrangements may now be made for the selection of candidates for inclusion in this batch. The distribution of vacancies between Provinces will be in accordance with the figures in column 1 of the statement in paragraph 1 of this Department letter No. TR50, dated the 25th February 1941, except that in order to adjust the variations from the allotted number of trainees in the fourth batch the Madras, Punjab and Sind quota will be reduced by one each, and the Bombay and Bihar quota by two each, while the Assam and North West Frontier Province quota will be increased by two each and the Orissa quota by three. The number of vacancies allotted to each Province will consequently be as follows: -

Madras	...	7	Bihar	...	3
Bombay	...	6	C.P. & Berar..	...	3
Bengal	...	8	Assam	...	4
United)	...	7	N.W.F.P.	...	3
Provinces)	...	7	Orissa	...	5
Punjab	...	3			
Sind.	...	1			

The vacancies allotted to the North West Frontier Province and Orissa Provinces should be filled from persons domiciled in these Provinces by the Punjab and Bihar National Service Labour Tribunals respectively.

2. As His Majesty's Government are anxious that a proportion of subjects of Indian States should be included in each batch, the Residents in Indian States are being requested by the Secretary to His Excellency the Crown Representative to forward to the National Service Labour Tribunal concerned the names of suitable candidates from Indian States, and I am to request that these suggestions may be given due consideration when received. The proportion of Muslims in all previous batches has been small, and I am to request that in making your selections for the fifth batch, the orders in force in different Provinces with regard to communal representation should be followed as far as practicable. As a number of candidates fall out after selection, you are requested to select double the number of vacancies allotted to you. Your selections will be subject to the approval of this Department and should be submitted in the form sent to you with this Department letter No. TR50 dated the 25th February 1941, not later than the 25th March 1942.

3. The Ministry of Labour, in a detailed report recently received on the training of the first batch of trainees, has pointed out that in certain cases the trainees had an insufficient basis of practical experience and were thus unable to derive full benefit from the training in the United Kingdom. The Ministry have suggested that: -

(1) Only men who have had a minimum of three year's practical engineering experience should be selected;

(2) candidates should not be too young and inexperienced and should be keenly interested in engineering and anxious to pursue the practical side of the work;

(3) candidates should be able to speak English sufficiently well to understand and make themselves understood; and

(4) no candidates with a history of tuberculosis should be selected.

I am to request you to give effect to these suggestions as far as possible and to endeavour to ensure that the standard of your selections is, if anything, superior to that of previous batches.

4. Another point stressed by the Ministry of Labour was that the trainees did not seem to have a clear idea of the objects of the Scheme. I am accordingly to suggest that in addition to reading out and explaining the Scheme to the trainees at the time of selection you should supply each trainee with a copy of the Scheme and at the same time give him a general idea of the posts for which they will be considered on their return to India if their training proves successful.

5. As it has been decided to supply the usual outfit to all trainees at Bombay in future, (vide this Department letter No. TRA-1050, dated the 9th February, 1942), no article of clothing need be supplied by Tribunals other than that the Bombay Tribunal.

PASSPORT REGULATIONS.

1. Applications for Indian Passports must be made in the prescribed form, printed on the back of these regulations, and submitted either direct or through the local authority—

(a) in the case of a resident in British India, to the Provincial Government or Local Administration concerned.

(b) in the case of a resident in an Indian State, to the Political Officer concerned.

2. The charge for an Indian Passport is Rs. 6. (Payable either in Cash or in Postage Stamps).

3. Indian Passports are granted to :—

(a) British subjects by birth.

(b) Wives and widows of such persons.

(c) British subjects by naturalization.

(d) British-protected persons.

A married woman is deemed to be a subject of the State of which her husband is for the time being a subject.

* 4. Passports are granted upon the production of a declaration by the applicant (in the case of a child under 15 requiring a separate Passport, by the child's parent or guardian) in the prescribed form of application verified by a declaration made by a *Political Officer, Magistrate, Justice of the Peace, Police Officer not below the rank of Superintendent, or Notary Public*, resident in India. If possible the declaration should be signed by an Officer of the district in which the applicant is resident. Otherwise the issue of a Passport may be delayed while enquiries are being made from the local authorities.

5. If the applicant for a Passport be a British or Indian State subject by naturalization, the certificate of naturalization must be forwarded with the form of application to the Officer empowered to grant the Passport. It will be returned with the Passport to the applicant through the person who may have verified the declaration.

~~British subjects by naturalization will be described as such in their Passports, which will be issued subject to the necessary qualifications.~~

6. Small duplicate unmounted photographs (size approximately two and three quarter inches by two inches) of the applicant (and wife, if to be included) must be forwarded with the application for a Passport, one of which must be certified on the back by the person verifying the declaration made in the application form.

7. Indian Passports are not available beyond five years from date of issue. They may be renewed for a further maximum period of five years after which fresh Passports must be obtained. The fee for renewal is Rs. 1 for each year, or portion of a year, for which the Passport is renewed.

8. Passports cannot be issued or renewed on behalf of persons already abroad : such persons should apply for Passports to the London Foreign Office or nearest British Mission or Consulate. Passports must not be sent out of India by post.

9. In the case of an applicant for a Passport being unable to write English, a transcription in English should be placed below the applicant's vernacular signature in the form of application. In the case of an illiterate person, a thumb impression should be substituted for a signature on the form of application, which should be certified by the person verifying the declaration.

10. The Passport is only available for travel to the countries named on p. 4, but may be endorsed for additional countries. The possession of a Passport so endorsed does not exempt the holder from compliance with any immigration laws in force in British or Foreign countries, or from the necessity of obtaining a Visa when required.

11. Passports endorsed as valid for the British Empire are also available for travelling to territory under British protection or mandate, not, however, including Palestine or Transjordan, for which the Passport must be especially endorsed, or the Aden Protectorate, for which both an endorsement and a Visa are required.

12. British subjects resident abroad should in all cases register their names and addresses at the nearest British Consulate. Such registration constitutes the most ready means in emergency or difficulty of enabling all proper assistance or advice to be afforded them. Changes of address in or departure from the country of residence should also be notified to the Consulate.

Persons merely passing through a foreign country or making a short stay there are not regarded as residents, and need not register unless their stay exceeds three months.

* FOOTNOTE.—Parda-nashin or gosha women desirous of travelling from India to Malaya, the Straits Settlements, the East African Protectorate, Uganda, Zanzibar, Mauritius, the Nyassaland Protectorate and the Union of South Africa are exempted from the necessity of attaching their photographs to their applications for passports, or of appearing in person before the passport issuing authorities.

GRANT OF PASSPORT TO MR. M. S. NANJUNDARAJ
URS, A CANDIDATE SELECTED FOR TRAINING UNDER
THE BEVIN TRAINING SCHEME.

SIR,

I am directed to forward a declaration for passport, made by Mr. Mysore Subbaraj Urs Nanjundaraj Urs, a candidate for training in the United Kingdom under the Bevin Training Scheme, received from the Government of Bombay. He was granted by that Government a passport for the United Kingdom since as far as was ascertainable in Bombay, there was nothing objectionable against his conduct and there was no time to make further enquiries. In view, however, of the fact that he was born in Mysore, the Government of Bombay would be grateful if the Government of Mysore could confirm as soon as possible that there was no objection to Mr. Urs having been granted passport facilities for the United Kingdom.

2. The declaration form and the two photographs may kindly be returned with your reply.

I have the honour to be,
Sir,
Your most obedient servant,

BEVIN TRAINING SCHEME

GOVERNMENT OF INDIA
DEPARTMENT OF LABOUR

1. *Scheme*.—It is proposed to send batches of Indian Workmen to the United Kingdom to undergo courses of training extending to approximately six months in engineering occupations such as fitting and machine operating. The object of the scheme is to accelerate munitions production in India and at the same time inculcate in the men an appreciation of British methods of industrial co-operation between employers and workers and the value of sound trade union principles. Training will be given partly at training centres and partly under selected employers. For the first part of their stay, the trainees will be accommodated in a hostel run on English lines under a carefully selected manager after which they will be lodged with selected British families. In the first stage of their training, the trainees will work at special training centres where they will receive elementary training and instruction in English and will have time to become acclimatized. Later, they will be placed, so far as is possible, in groups with selected employers in factories where they will be trained side by side with British workmen. Trainees will not be permitted to take their families with them. Separation allowance will be paid to married men.

2. *Qualifications*.—Candidates will be chosen from the working classes, preferably from among men of the engineering trades e.g. fitters, turners, and machinists (including shapers, planers, slotters, millers, grinders, etc.) drawing wages of Rs. 40-60 per month. Candidates may be married or single. They should be young but not below the age of 18, healthy, intelligent, able to read, write and do simple calculations, be able to speak English sufficiently well to be understood and make themselves understood and possess manual dexterity. They should have had a minimum experience of three years of factory work and have given proof of intelligence and adaptability.

3. *Numbers to be trained*.—It has been decided that each batch of trainees should consist of 50 and a certain proportion will be allowed to the Bombay Province.

4. *Selections*.—The selection of the candidates will be made by the National Service Labour Tribunal, Bombay, subject to the approval of the Central Government. Candidates called for interview will be paid single third class railway or steamer fare from their homes to Bombay and back plus one anna per mile for road journeys. Before final selection the candidates will be medically examined and vaccinated. After selection each candidate will be required to sign an agreement in the annexed form.

5. *Terms, allowances, etc.*—Each trainee will be provided with—

(1) an outfit in India consisting of one dark blue overcoat, one rain coat, one woollen sports coat, two pairs grey flannel trousers, three pairs woollen socks, two sleeping suits, two pairs shoes, three cotton coloured shirts with collars, two sets woollen underwear, one coloured woollen pullover and one felt hat;

(2) inter class (third class in England) railway ticket plus a daily allowance of Re. 1 from place of residence to port of embarkation and from port of disembarkation to destination, on both outward and return journeys;

(3) special sea passages with English food to and from the United Kingdom;

(4) a subsistence allowance of Rs. 20 per month from date of leaving present place of residence until date of arrival at destination and a similar allowance on the return journey;

(5) Special port allowance of Re. 1 per head during stays at ports on the journey to and from the United Kingdom subject to a maximum of Rs. 7 per voyage;

(6) free medical attention on the voyage to and from the United Kingdom;

(7) during the preliminary training, free board and lodging in a special hostel plus eight shillings a week (about Rs. 24 per month) if over 20 years of age and six shillings per week (about Rs. 18 per month) if under 20 years of age, as pocket money. *Accommodation and food will be in English style and not on a caste or communal basis;*

(8) during the subsequent training, wages at 59 shillings a week, out of which they will pay the cost of their board and lodging.

In addition to the above allowances, the families of married men will each receive an allowance of Rs. 35 per month payable in India. Selected candidates will be required to state whether they are married and if so to whom they wish this allowance to be paid. In the case of trainees who are subscribers to a Contributory Provident Fund the Government of India will pay the employer's share of the contribution, provided that the employer agrees to keep open the accounts, and the trainees arrange to pay their share of the contributions.

6. *Employment of trainees on return to India*.—On their return to India, the trainees will be at the disposal of the Bombay National Service Labour Tribunal which will decide how best their services can be utilised. No guarantee of employment is given.

Dated Simla, the 13th June 1942.

From

H. Tufnell-Barrett, Esquire, I.C.S.,
Deputy Secretary to the Government of India,

To

The Chairmen of all National Service Labour Tribunals.

Subject:- Bevin Training Scheme- Selection of sixth batch.

Sir,

I am directed to say that the 6th batch of trainees under the Bevin Training Scheme is likely to proceed to the United Kingdom at the end of August and to request that arrangements may now be made for the selection of candidates for inclusion in this batch. The distribution of vacancies between provinces will be in accordance with the figures in column* 1 of the statement in paragraph 1 of this Department letter No. TR -50, dated the 25th February 1941. The vacancies allotted to the N.W.F.P. and Orissa Provinces should be filled from persons domiciled in these provinces by the Punjab and Bihar National Service Labour Tribunals respectively and shown separately for these provinces.

2. As His Majesty's Government are anxious that a proportion of subjects of Indian States should be included in each batch, the Residents in Indian States are being requested by the Secretary to His Excellency the Crown Representative to forward to the National Service Labour Tribunals concerned the names of suitable candidates from Indian States, and I am to request that these suggestions may be given consideration, when received. In making your selections for the 6th batch, the orders in force in different provinces with regard to communal representation should be followed as far as practicable. As a number of candidates fall out after selection you are requested to select double the number of vacancies allotted to you. Your selections will be subject to the approval of this Department and should be submitted in the form enclosed not later than 31st July 1942. If a sufficient number of candidates is not forthcoming, it is suggested that the assistance of influential Indians interested in the industrial and national welfare of the country should be sought.

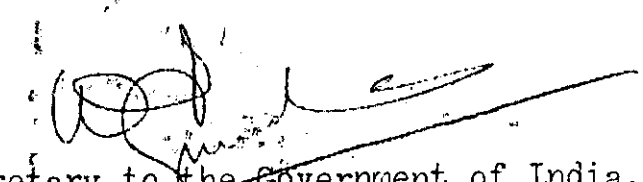

3. In selecting candidates it should be seen that:

- (1) only men who have had a minimum of three years' practical engineering experience are selected; if candidates with this qualification are not forthcoming the names together with applications of all persons having engineering experience of less than three years, but are otherwise considered suitable for training in England, may be forwarded to this Department;
- (2) candidates are not too young and inexperienced to be benefited by the training in England and are keenly interested in engineering and anxious to pursue the practical side of the work;
- (3) selected candidates have sufficient knowledge of English to understand and make themselves understood;
- (4) no selected candidate has a history of tuberculosis.

5. No electricians are required at present.

4. The usual outfit will be supplied to all trainees at Bombay. No articles of clothing need therefore be supplied by Tribunals other than the Bombay Tribunal.

Bewin training scheme - Sixth batch - selection
 of candidates.

With reference to your above, I beg to state that there are only two candidates in this Department, viz. Messrs. Y.P. Balaram, Foreman of Shops and T.K.Venkatachalliah, Draftsman of this office, who are willing to undergo the training under the above scheme. They also fulfil the conditions given in the above letter.

Mr.Y.P.Balaram was one of the selected candidates in the fifth batch, but was listed beyond the allotment for Madras Tribunal and in that connection, his passport application etc. was got done and forwarded to the Chairman, National Service Labour Tribunal, Madras.

All particulars, to be given in the application regarding the above two candidates for selection of Bewin Training - Scheme, VI batch, are herein enclosed.

Regarding item 13, whether the employee is prepared to keep open the P.F. has to be decided by the Administration. I recommend in favour of keeping the P.F.open, should the candidates be selected.

Kindly advise.

GOVERNMENT OF INDIA
DEPARTMENT OF LABOUR

BEVIN TRAINING SCHEME

(Corrected upto 30th June 1942)

GOVERNMENT OF INDIA.
DEPARTMENT OF LABOUR

REVISED TRAINING SCHEME

(Corrected upto 30th June 1942.)

1. *Scheme*.—Arrangements have been made by His Majesty's Government for courses of training in engineering occupations such as Fitting and Machine Operating, etc., to be provided in the United Kingdom by the Ministry of Labour and National Service. The object is to accelerate munitions production in India by improving the trainees' technical proficiency and industrial knowledge and to give them an appreciation of British methods of industrial co-operation between employers and workers, and the value of sound Trade Union principles. Training will be given partly at training centres and partly under selected employers. For the first part of their stay, the trainees will be accommodated in a hostel run on English lines under a carefully selected manager after which they will be lodged with selected British families. In the first stage of their training, the trainees will work at special training centres where they will receive elementary training and instruction in English and will have time to become acclimatized. Later, they will be placed, so far as is possible, in groups with selected employers in factories where they will be trained side by side with British workmen. Trainees will not be permitted to take their families with them. Separation allowance will be paid to married men.

2. *Numbers to be trained*.—It has been decided that batches of trainees should be sent to England every two or three months and that normally each batch should consist of 50 under a Manager to be appointed by the Government of India.

3. *Terms, allowances, etc.*—Each trainee will be provided with :—

- (1) an outfit in India consisting of one dark blue overcoat, one rain coat, one wollen sports coat, two pairs grey flannel trousers, three pairs wollen socks, two sleeping suits, two pairs shoes, underwear, one coloured wollen pullover and one felt hat ;
- (2) inter class* railway ticket plus a daily allowance of Re. 1 from place of residence to port of embarkation and from port of disembarkation to destination, on both outward and return journeys ;
- (3) special sea passage with English food to and from the United Kingdom ;
- (4) a subsistence allowance of Rs. 20 per month from date of leaving present place of residence until date of arrival at destination and a similar allowance on the return journey ;

*Third class in England.

- (5) special port allowance of Re. 1 per day during stays at ports on the journey to and from the United Kingdom subject to a maximum of Rs. 7 per voyage ;
- (6) free medical attention on the voyage to and from the United Kingdom ;
- (7) during the preliminary training and the period from the date of completion of training to the date of sailing from the United Kingdom, free board and lodging in a special hostel *plus* ten shillings a week (about Rs. 30 per month) as pocket money ;
- (8) during the training under selected employers, wages at 59 shillings a week, out of which he will pay the cost of his board and lodging upto 31 shillings a week ;
- (9) a settling allowance of Rs. 40 on return to India after training to enable him to settle down.

NOTE.—The allowances at (7) and (8) above are paid subject to attendance at the Training Centre or Works. In the event of sickness, free medical attention or hospital treatment is provided and a small cash allowance is paid in lieu of the normal training allowances.

In addition to the above allowances, the families of married men will each receive an allowance of Rs. 35 per month payable in India. Selected candidates will be required to state whether they are married and if so to whom they wish this allowance to be paid. In the case of trainees who are subscribers to a Contributory Provident Fund the Government of India will pay the employer's share of the contribution, provided that the employer agrees to keep open the accounts, and the trainees arrange to pay their share of the contributions.

4. *Qualifications.*—Candidates will be chosen from the whole industrial field and may be married or single. They should be young but not below the age of 18, healthy, intelligent, able to read, write and do simple calculations, and possess manual dexterity and a sufficient knowledge of English to understand and make themselves understood. They should have had a minimum of three years' experience of factory work and have given proof of intelligence and adaptability.

5. *Selections.*—(1) Trainees will be selected by National Service Labour Tribunals in consultation with Regional Inspectors of Technical Training and large industrial employers including Railway Administrations, and should be taken from the working classes preferably from among men of the engineering trades* drawing wages of Rs. 40 to 60 per month.

(2) Candidates called for interview may be paid travelling allowances at the rates referred to in Rule 3 (2) of the National Service (Technical Personnel) Rules, 1940.

(3) Selections should be confined to persons who are likely to be adaptable to conditions in England and especially those who are prepared to mix and are least likely to raise difficulties over food, etc. It should be

*Fitters turners, and machinists (including shapers, planers, slotters, millers, grinders, etc.).

explained to all candidates that accommodation and food will be in the English style and not on a caste or communal basis.

(4) Before final selection, candidates should be medically examined, X-rayed for tuberculosis and vaccinated under arrangements to be made by Tribunals under rule 12 of the National Service (Technical Personnel) Rules read with section 5 (7) of the National Service (Technical Personnel) Ordinance. Candidates with a history of tuberculosis should be excluded. After selection each candidate will be required to sign an agreement in the annexed form.

6. *Passage arrangements.*—(1) When the Tribunals have made their selections, they will furnish the Labour Department with nominal rolls of the candidates selected and arrange with the Provincial Government for the grant of passports. All passport fees including photograph charges will be paid by Tribunals.

(2) The Government of India will make the necessary arrangements for passages and issue instructions as to when and where the trainees should report. Before the trainees are despatched to the port of embarkation, the Tribunals will supply them with inter class railway ticket to the port of embarkation, daily allowance at the rate of Re. 1 per day for each day or part of a day of the journey to that port and an extract of the nominal roll referred to above. The outlay referred to in paragraph 3 (1) will be supplied to each trainee at the port of embarkation.

(3) During the voyage, the trainees will be placed in charge of a manager selected by the Labour Department who will instruct them in English and endeavour to give them some idea of the English style of living.

7. *Employment of trainees on return to India.*—On their return to India, trainees will remain at the port of disembarkation for 4 or 5 days when each man will be given a test or examination to ascertain how his services can be utilised to the best advantage of the war effort. The tests and examinations will be held by a Board consisting of a Regional Inspector of Technical Training and representatives of Ordnance Factories and the Defence Services. When the tests have been completed, the trainees will be free to return to their homes or their original employment which ever they desire, after reporting themselves to the Chairman of the Tribunal which recruited them. The orders of the Labour Department as to the future employment of the trainees will be sent to them through the Tribunals concerned as soon as each case has been considered with reference to the various reports and offers of employment received. No guarantee of employment is given by the Government of India but every endeavour will be made to place trainees who have successfully completed their training in suitable posts, preferably of a supervisory nature, in war industry, the technical branches of the services or at training establishments, or failing that to assist them in finding posts to their liking in industrial concerns engaged on work of national importance.

8. *Expenditure.*—All expenditure incurred on the scheme in India, except the cost of passages, contingent expenditure on the voyage, subsistence and port allowances, will be met by the National Service Labour Tribunal concerned.

1942

GOVERNMENT OF INDIA DEPARTMENT OF LABOUR BEVIN TRAINING SCHEME PROSPECTUS

1. *Scheme*.—Under this scheme a course of training in engineering occupations such as Fitting and Machine Operating, etc., is provided in the United Kingdom by the Ministry of Labour and National Service.

The object is to accelerate munitions production in India by improving the trainees' technical proficiency and industrial knowledge and to give them an appreciation of British methods of industrial co-operation between employers and workers, and the value of sound Trade Union principles.

2. *Training Arrangements*.—The trainees are met on arrival in England and conducted to a Government Training Centre where they spend the first part of their stay. The period spent at the Centre enables the men to become acclimatized and varies according to the proficiency and progress of the individual. The nature of the course of training to be given is decided at the Government Training Centre. Instruction in English is given where necessary. During this period of training, the trainees are accommodated in a hostel near the Centre. The hostel is run on English lines and not on a caste or communal basis, and is under the supervision of an Indian.

Lectures on Trade Union organisation and history are given by prominent Trade Unionists and a theoretical course in Foremanship and Work Management is also given.

3. *Industrial Experience*.—Following the stay at a Government Training Centre, the trainees are placed with selected employers in industrial works, where they are trained side by side with British workmen engaged in production.

4. *Length of Course*.—The total length of the course in England is approximately six months, but the date of return to India will be governed by shipping facilities.

5. *Welfare*.—Throughout their stay in England the trainees' welfare is carefully looked after by the Ministry's Regional Welfare organisation. Suitable lodgings or hostel accommodation are found and arrangements are made for recreation and study and for contacts with British people.

6. *Allowances, etc.*—Each trainee will be provided with :—

(1) Inter class (third class in England) railway ticket plus a daily allowance of Re. 1 from place of residence to port of embarkation and from port of disembarkation to destination on outward and return journeys ;

(2) special sea passage with English food to and from the United Kingdom ;

- (3) a special port allowance of Re. 1 per day during stays at ports on the journey to and from the United Kingdom subject to a maximum of Rs. 7 per voyage ;
- (4) a subsistence allowance of Rs. 20 per month from date of leaving present place of residence until date of arrival at destination and a similar allowance on the return journey ;
- (5) free medical attention on the voyage to and from the United Kingdom ;
- (6) a settling allowance of Rs. 40 on return to India after training to enable him to settle down.

During the preliminary training and the period from the date of completion of training up to the date of sailing from the United Kingdom the Ministry of Labour will provide free board and lodging in a special hostel and pay an allowance of 10 shillings per week.

When placed with selected employers in industrial works trainees will be paid an allowance of 59 shillings a week out of which they will have to pay for board and lodging up to a cost of 31 shillings a week.

These allowances are paid subject to attendance at the Training Centre or works.

In the event of sickness, free medical attention or hospital treatment is provided and a small cash allowance is paid in lieu of the normal training allowances.

Clothing.—Each trainee will be provided before sailing with the following outfit :—

- 1 Dark Blue overcoat.
- 1 Raincoat.
- 1 Woollen Sports Coat.
- 2 Pairs grey flannel trousers.
- 3 Pairs woollen socks.
- 2 Sleeping suits.
- 2 Pairs shoes.
- 3 Cotton coloured shirts with collars.
- 2 sets woollen underwear.
- 1 Coloured woollen pullover.
- 1 Felt hat.

7. *Separation allowances.*—Families of married men will each receive an allowance of Rs. 35 per month payable in India. Selected candidates will be required to state whether they are married and, if so, to whom the separation allowance is to be paid. In the case of trainees who are subscribers to a Contributory Provident Fund, the Central Government will pay the employer's share of the contribution, provided that the employer agrees to keep open the accounts, and the trainees arrange to pay their share of the contributions.

8. *Passage Arrangements.*—The Government of India will make the necessary arrangements for passages to England and issue instructions as to when and where the trainees should report. During the voyage the trainees will be placed in charge of a manager selected by the Labour Department

MEMORANDUM

Subject:- Bevin Training Scheme.

It has been agreed in consultation with the Secretary of State for India that the Bevin Training Scheme should be continued for the duration of the war and that parties of 30 trainees should be despatched to England at regular intervals of 3 to 3½ months..

2. You were informed in Mr. Tufnell-Barrett's letter No. TRA50, dated the 1st October 1941, that the scheme was likely to be continued and were asked to interview and select candidates and prepare a waiting list on which you could draw from time to time. This procedure should be continued and you should endeavour to maintain as large a waiting list as possible.

3. In paragraph 2 of this Department letter No. TRA50, dated the 25th February 1941 and in subsequent letters you were requested in making your selections to follow as far as practicable the orders in force in the different Provinces with regard to communal representation. The shortage of Muslim candidates has, however, continued to be marked and though no particulars have been given of the castes of Hindu candidates, it is believed that the

Scheduled Castes also have not been adequately represented. It is recognised that in the absence of a sufficient number of volunteers from the different communities, it is not possible to follow any fixed communal proportions, but the Government of India are most anxious that every community should have the opportunity of securing representation, and in future when making your selections, it is suggested that you should associate with the Tribunal a non-official of influence belonging to the Scheduled Castes and if necessary a Muslim non-official. In both cases, members of the Provincial Legislature should be preferred though there will be no bar to appointing a person from the Scheduled Castes who is outside the Legislature if by reason of his standing and influence he appears to be more suitable. Such appointments should be made in consultation with the Provincial Government. In forwarding the nominal rolls of selected candidates, the castes of the Hindu candidates should invariably be shown in future.

2. As His Majesty's Government are anxious that a proportion of subjects of Indian States should be included in each batch, the Residents in Indian States are being requested by the Secretary to His Excellency the Crown Representative to forward to the N.S.L.Ts. concerned the names of suitable candidates from Indian States, and these suggestions should be given the fullest consideration. In making your selections for the 8th batch, the orders in force in different provinces with regard to communal representation should be followed as far as practicable. In this connection your special attention is invited to this Department memo. No. TRC-1100, dated 4/9/42. The Government of India are specially anxious that one Scheduled Caste candidate should be selected from each of the following Provinces - Bombay, Bengal, Madras, United Provinces, Punjab, Bihar and Central Provinces, and the Chairmen concerned are requested to give this point their special attention.

3. Firms engaged on work of national importance should be invited to nominate selected employees for training under the conditions described in this Department Memo. No. TRC. 1130, dated 23.2.1943.

4. As a number of candidates fall out after selection you are requested to select double the number of vacancies allotted to you. Your selections will be subject to the approval of this Department and should be submitted in the enclosed form (6 spare copies attached) not later than 15th April 1943.

5. In selecting candidates it should be seen that :-

- (1) only men who have had a minimum of three year's practical engineering experience are selected; if candidates with this qualification are not forthcoming the names together with applications of all persons having engineering experience of less than three years, but are otherwise considered suitable for training in England, may be forwarded to this Department;
- (2) candidates are not too young and inexperienced to be benefited by the training in England and are keenly interested in engineering and anxious to pursue the practical ~~xx~~ side of the work;
- (3) selected candidates have sufficient knowledge of English to understand and make themselves understood;
- (4) no selected candidate has a history of tuberculosis.

No electricians are required at present.

6. The usual outfit will be supplied to all trainees at Bombay. No articles of clothing need therefore be supplied by Tribunals other than the Bombay Tribunal.
